Message From The Dean

Most people have difficulty continuing their education after they have committed their jobs. The bad economy makes it even more difficult. They have priority over almost everything, even their time with family. Oxnard University of California offers a dominant alternative plan for working adults. They can manage their work-life, education, and family time all in one place. They can study at home whenever they wish. Additionally, our credit transfer facility can help facilitate this process remarkably.

Here at Oxnard University of California, we all as a team are endeavoring for making education possible for all. Our expert and dedicated faculty members are working tirelessly and devotedly for the betterment of education in all our academic areas. We all together are determined to make this world better and well-progressed.
